Dealer Returns From The War; An Engineer In South Pacific Area

Friends of Philip W. Burtner of Reading, Pa., will be glad to learn of his return to civilian life. Prior to his entering the army he did a thriving stamp trade from his store in Reading.

Mr. Burtner spent more than eight months with the Engineer Amphibian Command, he was one of the oldest men in the outfit and confesses to 38 years, an age for beyond that of many of the rugged younger fellows in his outfit. He was discharged last March altho he came 38 a year ago. At last reports his outfit was in New Guinea.

He says, "It would be grand to be with the gang, but why kid myself, for to keep up with them took everything I had." Regarding his return to civilian life he says, "My wife was glad to see me and surprisingly enough so were the collectors of this area. Incidentally this is the only full time store in this area."

Way Down In Jungle Town

The new stamp to honor the 50th anniversary of the Motion Picture Industry, showing a group of GI Joes, and Waves, and Wacs in an open air theatre somewhere in the South Pacific.

We just bet that collectors of Reading will throng his shop to listen to thrilling tales of the South Seas, also to get some of those stamps which he offers this week on the back page. Mr. Burtner is again opening up his stamp store and has selected the back page of this paper to make his first big offering. We note many items of interest in this splendid advertisement and wonder if he brought back a stock of South Pacific stamps looted from the native postoffices.

Error In Philippine Stamp; Corregidor Has Been Turned Around

Motion Picture Stamp Is Announced; Double Feature First Day; Preview In New York City And Hollywood

The news broke in Washington, D. C. on October 11th that after pressure had become so terrific that the P. O. Department could not longer avoid it, a stamp will be issued for the 50th anniversary of the Motion Picture Industry. First day cities will be New York and Hollywood and the date will be October 31st. This news coming so late, or so soon before the date of issue again produces plenty headaches in the stamp trade which so strongly supports these new stamps and drums up the biggest part of the many thousands of dollars that collectors spend for first day covers. In the publicity supplied in announcing this stamp there is every evidence that its issue has been under consideration for many months and also evidence that a design has been prepared and ready for some time past, since the mail that brought the announcement of the stamp also brought the picture of the new stamp and it is reasonable to believe that the design from which the picture was made has been

laying on someone's desk for some time.

It would appear that the Department may have been reluctant to issue this stamp, but that pressure for it began to stack up in such quick heaps that a quick decision may have been made, and all that clutters up the matter of preparation by the cover collectors, those boys who pay

SCOOP
Word from the National Geographic Society as well as a map to prove the statements in the following article by Mr. McGee have just been received, as we go to press.
More Details next week—Editor.

Washington, September 27, 1944, and a few days later at Omaha. That is the only word of praise I have heard spoken of this stamp. It certainly has no claim

to artistic merit or to appropriateness. I believe Mr. Linn wrote that the subject at first sight looked like something that the cat had dragged in. Its appearance probably suggested a T-bone steak to him. But where would a cat get such a steak these days!

The Corregidor number is not properly a map stamp. Rather it presents a distant, pictorial, aerial view of the island, taken from the northwest and looking southeast.

Maps of the Philippine archipelago of sufficient size to depict the outline of Corregidor are not

FIRST DAY COVERS—As an item of philatelic interest, I think a first day cover marking the appearance of a new stamp, or a patriotic cover marking some even of national or international importance has a place in any collection of postage stamps. I purchase mine from firms who specialize in servicing covers and have a special album in which I mount them as they are issued, but I collect them only because of their interest and not because I believe they will enhance in value. Dealers are almost 100 per cent in accord with that thought and make little or no allowance for them when purchasing collections of stamps which contain covers. They have a definite philatelic value which is more on the sentimental than practical side.

However, my attention has been called to the advertising of the Collector's Surplus of Kansas City, Mo., who specialize in covers of stamps as they are issued and who go in for every conceivable variety of stamp on the cover. Their advertising is beautifully written utilizing the most glowing adjectives in the dictionary. In fact it is so well written that I imagine a great many new collectors would be inclined to spend too much money for a lot of covers which I doubt have more than sentimental value. For instance, they offer current commemoratives of the three cent variety sent plain mail, air mail, special delivery and a combination of the last two for four dollars and twenty five cents on special cachets and claim that if you expect to win Exhibition ribbons you are going to have to add these covers to your collection. Another ad calls attention to a set of eight covers of electric eye blocks sent regular mail, air and special and air-special together with a Certificate of Ownership and Permanent Registration for a mere twelve dollars and

The subscription rate for this paper was changed to 50c some few weeks ago. There are many of our old subscription coupons with the 25c rate printed on them scattered all over the country and these are coming back to us each week with 25c remittance. In all such instances we now enter such subscriptions for six months only. If you have sent only 25c in recent weeks you will be notified at the end of six months, that your subscription has expired.

To anyone who has remitted but 25c and is dissatisfied with the above statement, we will refund your 25c on demand, before November 1st.

fifty cents. For the Over-run Nations their advertising contained some of the finest double-talk in print these eyes have ever seen including such phrases as "In considering these covers for Philatelic and investment purposes, first ask yourself," "Are they scientific?" Next, "Are they technically important?" And finally, "Are they of exclusive material, i. e., limited in quantity?" The advertising answers in the affirmative, of course, but I'd like to know how they are scientific, technically important and exclusive? The words "scientific" and "technically important" are so much double-talk and as far as "exclusive" is concerned, I see no limitations put on the number of sets this firm will service. They issue four covers of five five cent stamps sent plain, air, special, and air special containing 25 five cent stamps, two airmails, two specials, four envelopes and the inevitable certificate, face value \$1.61 for a mere \$7.75. They are also to service five general varieties of electric eye printed stamps in a series of Combinations of two sets for \$32.50 which contain an actual face value in postage stamps of \$3.95 for \$15.05.

I have no quarrel with Collector's Surplus of Kansas City. I quarrel with collectors who make suckers of themselves by buying such material and allowing themselves to be sold on the fact that they have a valuable addition to their collection. I want to know why any collector who buys and pays for covers needs a certificate of ownership or needs his covers registered? Registered where and with whom? Registered with a firm who may go out of business through any of the natural causes that cause a firm to go out of business? Supposing you pay a nickel each for registering forty five covers, and the firm goes out of business, it is destroyed by fire, earthquake or tornado, or the owner dies. Then what? When will collectors wake up?

Certainly I believe any firm who services covers is entitled to a profit for their labor and I don't mind paying anywhere from 25 to thirty five cents for a first day cover, but when it starts to run into \$32.50 I think it's time to bring to the attention of collectors that someone is trying to make a sucker out of you. Collect covers, certainly, but do it sensibly. I resent, and hope you agree that philatelists do not need to be told to get modern by ordering \$32.50 worth of covers, nor that we believe selling \$32.50 worth of covers can be considered "liberal trade practices" and when any firm advertises "You can join the Philatelic Roll of Honor and passing them on to the next Philatelic generation". What, and have the next generation think we were the worlds biggest saps? What surprises me most is that The American Philatelist, house organ of APS permits their pages to be used for this type of phony philately, and my attention was called to it by a prominent dealer who is a member of that organization. Cut it out, boys.

ANSWERING THE MAIL
George Martin, Washington: Dealers advertise strips of ten of Over-run nations because name and T blocks are all mixed up and this makes it easier to handle. Trying to predict which U.S. stamp with a face of ten cents or better if kept for a period of time will enhance in value Mr. and Mrs. Thomas Oren, Albany, N. Y.: Not all dealers are crooks by a long shot and it is always best to put a price on your stamps before selling them. It is wise to remember that any dealer will pay more when he needs the stamps than if he already has a good stock of what you are selling. I have

incorporated your suggestion about disposing of stamps in the event a collector passes away in my forthcoming series or articles titled "Philatelic Utopia" D. P.: Your suggestions about the catalogue and album were answered last week. I don't believe any collector is blackballed by stamp dealers unless he has by his own actions warranted such procedure. Often collectors expect far too much service from dealers while spending a very small amount of money. Often times dealers stop sending approvals because they have run out of your type of material. I am certain that by writing a friendly inquiry you will receive a courteous answer.

MORE MAIL—Those answers reflect only a small portion of my mail, but I am certainly interested in hearing from more dealers and collectors alike, so address a post card or letter to me care of the editor.

AUTHOR, AUTHOR—Being a successful philatelic writer, Uncle Harry Weiss has taken to writing for the farm journals and upon submitting an article to the editor was told to cut down the size of his article. Uncle Harry cut it down so much the cows in his story are giving condensed milk.

MOTION PICTURE STAMP IS ANNOUNCED

Continued From Page 1

the bill for the thousands of covers which always go out of the first day cities on these occasions.

The design is as illustrated on page one. The value will be three cents, undoubtedly some more of the purple ink which the Department must have in abundance. First day of issue will be at both New York City and Hollywood, what we might call a Double Feature Preview.

Collectors can send up to ten covers to the Postmaster at either city with a remittance in coin, currency or Money Order to pay for the stamps to be attached.

The advertising in this issue from Dealers who will supply the stamps is but a small amount of such offers that would have been made, had there been time for the dealers to make announcement.

For some months past there has been an increasing demand for a stamp to Honor the Red Cross or the Blood Plasma Donors. In the same circular as that which announces this new Motion Picture stamp we also find that "Mr. Walker said that for some time the Department has been considering the issuance of a Red Cross Blood Plasma stamp. An announcement regarding this proposal will be made in the near future."

It is reasonable to believe that the above statement means that such a stamp will be issued. Dealers should take the chance and prepare illustrations and designs for covers for this probable stamp. We would also suggest that they prepare advertising copy, send it to their publishers, with instructions to hold for telegraphed order for insertion. It may also be a "quickie", we often wonder why it must be done that way.

Currency Exchange Is A Problem For Our Soldiers Abroad

According to a letter from Victor Rohwedder, a soldier now in Belgium and addressed to Pat Herst of New York, the soldiers are up against the same difficulties that always confront travelers abroad even in peace times and that is the conversion of their available currency into money of the country in which they are in so that they can spend such money.

Mr. Rohwedder wanted to make a small remittance to Mr. Herst and advised him by letter that as soon as he could exchange his AMGOT currency into Belgian currency and then with that buy a Money Order, he could make the remittance. Might take a day or two to make the transaction.

It should be understood that our soldiers are paid in the AMGOT currency. (Allied Military Government) currency, which is carried with the army. To spend this money in the countries in which they are in, that is among the civilian population or at local civilian post offices, they must exchange this currency for the money of the local civil government.

Further remarks of interest from Mr. Rohwedder are as follows:

Since I wrote last I had a chance to visit Paris and of course one of my first stops was a post office or two to see what had been printed

in the last few years. The postmaster at one showed me a few already obsolete issues in blocks which he was saving for a few friends who were philatelists. One in particular was a portrait of Peta, a real work of art, brown or sepia in color, approximately 1 1/2 to 2 in. square, denomination 3:50 fr plus 1.50 fr. This he believed to be particularly scarce. He was quite interested in the flag issues of the U. S. which I showed him.

In Belgium for the first time I received a hostile reaction to the Belgian flag on a U. S. stamp and it took a little explaining to smooth things out.

AIR MAIL COVERS

SAMUEL S. GOLDSTICKER, JR. (Dept. Ed.)
153 Mt. Prospect Avenue Newark 4, N. J.

An announcement to Airmail Cover Collectors in the New York area. The Metropolitan Airmail Cover Club meeting, originally scheduled for last Friday (October 13th) has been postponed until Friday, October 20th, due to the MACC's active participation in the 1944 STAMPEX at Newark. The meeting on October 20th will be at the usual meeting place, the Malin Studios, 225 West 45th Street, (4th Floor), New York City. Visitors are welcome. Will you be there?

The first flight of the extension of AM-31, which took place on Sunday, October 1st, was a non-stop flight between Jacksonville, Florida, and New York City. Charleston, South Carolina, and Savannah, Georgia, which were originally scheduled to be stops on the first flight, were temporarily dropped from the schedules. According to the latest information I have from National Airlines, Charleston will be added to the route on or about November 1st; with Savannah being added either at the same time or shortly afterwards. Norfolk, Va., and Wilmington, North Carolina, will be added at a later date. As yet, I don't have all my covers back nor do I have the reports on the flight, so this information won't appear until next week.

The first flight from Huntsville, Alabama, originally scheduled for October 1st, has again been postponed. It is now scheduled to be added to AM-40 & AM-55 on or about October 29th. I have seen a copy of the cachet which will be applied to covers and it is a very attractive one.

Eldorado, Kansas, airport was dedicated on Sunday, September 17th, 1944. There was no advanced notice on this dedication and consequently collectors covers are very scarce. The only cover which I have seen was postmarked at El Dorado, Kansas, Sept. 17th, 1944 2-30 PM. There was no cachet on this cover, but in the upper left-hand corner was the inscription written in ink "AIRPORT DEDICATION DAY". Beneath this was the rubber stamp F. H. STEIGER, ACTING POSTMASTER, and beneath this his autograph.

tion was that of Hulman Field, Terre Haute, Indiana. This was a widely publicized event and consequently covers should be rather common. To mark this event, a special cachet was sponsored by the Terre Haute Chamber of Commerce and applied to most philatelic mailed on the occasion. This cachet consists of the words "HULMAN FIELD OFFICIAL DEDICATION, OCTOBER 3, 1944 CHAMBER OF COMMERCE TERRE HAUTE, IND." "ON THE BANKS OF THE WABASH." A shoreline of the Wabash River and a Tree completed the illustration, while a circle of planes encircled the entire cachet. It was applied in blue ink. Covers were canceled Terre Haute, Ind., October 3rd 2-PM.

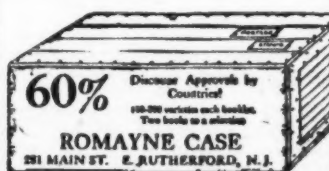

In addition, TWA planned to have their Transcontinental Flight TRIP-#20 stop at Terre Haute as part of the celebration and carry covers both to and from the event. However, weather conditions forced the cancellation of this flight at Kansas City. Instead, a special flight TRIP 20B originated at St. Louis and carried mail into Terre Haute. Covers on this trip were postmarked at the St. Louis Postoffice at 1-PM or at the St. Louis Airmail Field RPO at 1-30 PM; and covers addressed c/o General Delivery at Terre Haute, Ind., were backstamped there at 5-PM. This was NOT a first flight, but may be listed in the Airport Dedication Section of the catalogues as a special flight into the dedication.

Thanks this week for news and covers to L. B. Rector; G. F. Lancaster; J. C. Stanard; B. Schnieder, Jr., and others.

OUR NEW ASSISTANT

We are very glad to be able to make this announcement. Your editor has at last persuaded his daughter, Hazel, to locate in Sidney and assist with the work of producing this publication. Hazel accompanied me on the trip to the S. P. A. Convention at Chicago and made many friends among those with whom she came in contact. She has been raised in the atmosphere of this publication and a house full of stamps. While she has not before been seriously interested in a collection of her own, she has helped at many times in my work when as a dealer in stamps and since then with the work on this publication. The knowledge that she is now to give her time to work of this nature has already led her to start a collection along lines that I have so often suggested to any lady who has expressed an interest in stamp collecting and that is a collection picturing little children as well as women who have been pictured on stamps. A meagre start has been made, from duplicate material which I have given her and she has studiously identified the stamps by the catalogue and has made lists of other stamps which will fit into such a collection. I have great hopes that some day she will be able to show and discuss such a collection along with the best of the specialists along similar lines.

Geo. W. Linn

Her work in the office is shaping up nicely. This will enable us to get many files in perfect shape. We have hundreds of cuts for illustration, hundreds of "mats" of stamps, many photos, clippings etc., which we intend to index in a proper manner so that we will have a file which will be of much value and assistance in the future.

Other work will involve the handling of a mailing list of stamp dealers, both display and classified advertisers to whom we intend to make frequent mailings. With this help we hope to get all matters in such shape that we can give better service and make improvements from time to time for the mutual advantage of both ourselves, our readers and our advertising patrons. The help situation in this present period has been a difficult one in the stamp trade as any of the larger dealers know.

THE EDITORIAL BY MR. CASE

After much persuasion by Lawrence W. Case, we printed an open letter from him in this column last week. You who read the letter will understand what it was about so no comment on that matter is necessary, but we do want to say that originally, we had typed an answer to the remarks by Mr. Rich, but that it was so hot that it almost melted the roller on the typewriter and burnt the paper before we could get it out of the machine. As a result we have ordered some asbestos paper which we will hold until the opportune time, when we will throw the book at this party and when that is done we think there will be great rejoicing about the country on the part of many people who have long wished that someone would do something to get rid of IT.

We have no intention of attempting to convince him that the flag stamps were lithographed, for any thought to the contrary could only come from a person who insists otherwise merely for the sake of argument and we would not let anyone use any space in our columns for any such silly statements.

IS CORREGIDOR STAMP IN ERROR?

We print a brief article in this issue from Mr. J. F. McGee of Omaha who believes the island of Corregidor, pictured on the new Philippine stamp is reversed in position. In the meantime we have written the National Geographic Society at Washington for verification although it would appear that the facts as given by Mr. McGee, from sources mentioned, should be correct. Will this stamp be withdrawn like the famous Pagsanjan Falls Stamp, if found in error?

IS IT MILWAUKEE OR "MILK WAUKEE"

At least, information is at hand that the Milwaukee boys came through the last convention with a profit of several hundred dollars. We have always maintained that events of this nature should never be run for profit. We do not believe in taxing those people who contribute the most to making any convention successful and in our mind what makes most conventions successful, if successful, is the bourse and the exhibition. Without these two features, most conventions would fall flat in so far as attracting visitors is concerned and that is what the bourse and the exhibition does. We object to any convention being run in a manner that taxes these people for more money than is necessary to meet the legitimate expenses.

Perhaps one way to avoid this thing happening in the future would be to add to the by-laws of the Society a ruling to the effect that no branch shall be permitted to profit from a convention. Under such a ruling, matters could be conducted as in the past, prices charged at the rate of all the traffic would bear, but with a stipulation that any surplus remaining after expenses are paid shall be put in a fund for the Society. This fund could be used to make up deficits if such occur at future conventions, the fund being limited to a certain amount, after which any excess over that amount would be transferred to the general fund of the Society.

We would now like to see a picture of the check that the Milwaukee boys will write to start this fund.

More Information On Recent Italian Issues

Further news comes from an American Major in the Italian sector regarding the stamps mentioned last week, with the "G. N. R." overprint.

Our correspondent states that the initial stand for "GUARDIA NATIONALE REPUBBLICA," rather than for "General National Republic" as previously stated. He further states that this issue consists of 53 values which includes the entire set of 1929, 5c to 50 Lire, numbers 213 to 231, also the airmail and Espresso stamps, the latter two being numbers E14 and E15, but of the airmail we are uncertain as to which of the current Scott numbers are included.

Another set which we are advised was issued by the Italian Socialist Government in different cities is as illustrated. A set was said to have been issued in Rome, before its fall to the allies. Another set in Florence and so on. We are advised that the set is selling in Italy at 40 Lire.

Here and There

Most of the folks have established contacts with correspondents in the armed forces overseas and are receiving covers that some day can be identified by the A.P.O. numbers and the dates of the postmarks, as originating from the sites of historic battlefields. Many are additionally fortunate in having servicemen friends who use patriotic covers which, of course, make them so much more understandable. From what I have received myself and from word received from others, I imagine the European conflict will be pretty completely covered from Casablanca to Berlin in our collections. At this time it would be well for us to start establishing our contacts in the Pacific as I don't believe we will be as well prepared to obtain "cover coverage" of this war theatre as we have the European. Army postmarks are the most definite from a future historic standpoint due to the A.P.O. numbers used in the majority of Army postmarks whereas the Navy "Z" cancel used almost entirely on Navy and Marine covers will be nigh impossible to trace except through the hand-written franking of the sender. Better get going folks, as exchange with this side of the world will be much slower than with Europe.

Opportunity Knocks!

Most of us at one time or another have watched something new appear on the market, neglected to fill our wants, and several months later, when no more were obtainable, could have kicked ourselves. Well, here is your chance to fill your wants now at lowest prices. We have been commissioned by a large jobber to dispose of 140 Scott's #2093 2c Carmine Envelopes. Not to be confused with the ordinary albino type which is very common, each envelope has a clear cut, fully inked reproduction of the stamp on the inside of it. Must be seen to be appreciated. Through some accident, they were discovered in a group of regular envelopes purchased at the post-office. As you can well understand, the chances of obtaining an item such as this comes very seldom. Each cover is in superb mint condition, flaps with full gum. Unfortunately, we do not acquire as spectacular an item as this very often. This being so, we would advise sending in your order immediately. Price, per envelope only \$1.75 each. Unconditional money back guarantee, of course.

ditionary Force fighting in Italy with our Fifth Army. Wonder what the chances are of some of our boys getting covers postmarked by this unit. Have you tried it? How many of you were able to get covers postmarked by the famous 100th Infantry, A.P.O. #100, the "Pukka-pukka" Division of Japanese-Americans who fought so nobly at Cassino alongside the 34th Division? Bet you have covers from the 34th and your friends could have easily got the A.P.O. 100 if either of you had thought of it at the time. Now, I believe, it's too late, the outfit has been absorbed by some other unit. It's about time we had begun to get "war-wise," eh?

Old Veteran - New Member

Our new member No. 643, Mr. Marian A. Snyder, was one of the veterans of the last war who didn't come home to "forget it all". He couldn't, he was a casualty, one of that silent army of unsung heroes who have continued to fight the battle of life on pain-wracked beds for the past twenty-five years. He is in hopes that this hobby will help to "pass the time," November 15th is his birthday. Let's get busy and help make it a day he'll remember for quite a while. Welcome, Marian, we're proud to have you with us.

COIN PRICE LIST, NO. 19

FIRST 1945 EDITION

THIS LIST CANCELS ALL PREVIOUS LISTS — ALL PRICES SUBJECT TO CHANGE WITHOUT NOTICE

TERMS AND GENERAL INFORMATION

SATISFACTION GUARANTEED: Anything purchased that is found unsatisfactory is returnable within three days of receipt for a refund. However, when ordering coins described "fair to good," do not expect to receive "fine" or "uncirculated." We will be fair with you, and will make adjustments on any transaction that is justified.

PRICES: The prices in this list are strictly net, and no discounts from them can be given. Prices are necessarily subject to change without notice, because of rapidly changing market conditions; but your order is fully protected by our return guarantee if for any reason you are not satisfied.

PAYMENTS: Send payment with order by any method that is most convenient for you: check, money order, or (by registered mail only) currency.

C. O. D. Orders must be accompanied by a deposit of 10% or \$1.00 maximum. This policy must be adhered to because of a few persons refusing C. O. D. shipments after requesting them.

ORDERS AMOUNTING TO LESS THAN 50c are handled at a loss. We would therefore appreciate your holding your small requirements until a total of at least 50c is reached. Orders of less than 50c respectfully declined.

POSTAGE EXTRA ON ORDERS UNDER \$1.00. If you do not enclose postage on orders under \$1, it will be deducted from your remittance.

INSURANCE: Insurance 10c extra on orders under \$5.00. Orders over \$5.00 will be sent insured without extra charge. Orders under \$5.00 which do not include 10c for insurance will be sent by ordinary mail at the buyer's risk.

A SUPPLEMENTARY LIST should be enclosed, as it is impossible to keep every item in stock. Supplementary list will not be used unless necessary.

INQUIRIES OR REMARKS should be made on a separate sheet of paper, not on your order. This will help us greatly; and more important, it will insure prompt attention to both order and inquiry.

REQUESTS FOR INFORMATION should include a 3c stamp for reply.

UNITED STATES HALF CENTS

It may be a surprise to some to know that only about one half cent piece was struck for each 100 large cents. So all half cents, but five or six dates are comparatively scarce. The U. S. half cent seems to be coming into its own today and rightfully so. Auction sales show that any date of half cent in perfect condition brings from \$1 to \$2, no matter how common the date.

UNITED STATES SMALL CENTS FLYING EAGLE

AN EXPLANATION
We find from a general survey of dealers' stocks that from 1% to 10% of their uncirculated coins are brilliant uncirculated specimens, depending upon dates, of course. The balance of their stock consists of uncirculated specimens that may be dark, olive colored, and others with carbon spots. Such coins, while uncirculated, form the majority of any dealer's stock and are not acceptable to discriminating collectors.
The percentage of brilliant coins is so small that a correct interpretation of values might be 10 times the price of an ordinary uncirculated specimen. In forming our prices, we feel that the brilliant uncirculated coin, while at first glance appears to be unusually high in price, is actually the less expensive form of an investment for a collector and he is obtaining a coin which is actually 10 times as scarce as an ordinary uncirculated specimen and is paying but a fractional premium for such. Coins before 1880 in brilliant uncirculated condition are rare and difficult to obtain at any price.

Items listed at less than 10 cents are not sent on approval.

*All 1922 Cents were coined at Denver. Apparently the die from which these coins were struck became worn so that the mint mark "D" did not show on several hundred coins that were released for actual circulation. The number of coins without the "D" is comparatively small and consequently they bring a higher price than the regular issue.

Stampex Seal by Art Craft Engravers

The seals for the Newark National Stamp Exhibition—Stampex 1944—were released today and show as the central design, a reproduction of the WARS OF AMERICA statue in Military Park, Newark, N. J.

The Statue was designed by the famous artist Gutzen Borglum and is considered one of the finer monuments in the United States. The Exhibition Building this year, the Robert Treat Hotel, stands just a few hundred feet away.

Printed in red and blue, the seals will come perforated and imperforated.

Collectors unable to attend the Show may secure a supply from the Exhibition Seal Committee, Room 204, 128 Market street, Newark 2, N. J. by remitting 10c per sheet. A sheet of perforated and a sheet of imperforated seals is 20c per set.

BY KENNETH M. GIERHART
Baltimore, Md.

Hillside Illinois.

Evidently a suburban town in the Chicago area it lies 14 miles west of Chicago and is just one mile east of Elmhurst. Population is 1000. No industries, no colleges, no rivers and no parks. It must be almost as quiet as Baltimore. (O.) Mr. Sam White whose ad you might have noticed recently in LINN'S showed me several varieties of precancels used last year during the Holidays. The only type now in use is the handelectro U-120 wide. This is type 2 as the catalog shows that a typeset had been used there at one time. I imagine that type one is pretty scarce unless some one has some of them laid back.

McGhee Arkansas.

From Rev. K. Harper Sakaue of the Japanese relocation center in McGhee Ark. comes his Church Bulletin with a 1c War issue precancelled McGhee in U-120 type. There is a variation from the regulation U-120 in that the "C" of McGheen is of a smaller size than the rest of the letters. I believe this has happened before in a few other towns. Rev. Sakaue has long been a precancel collector and a member of the Precancel Stamp Society. We do not know him personally but through others who tell us of the great work he is doing. I do not believe he will be offended if we say that if more of his countrymen had been imbued with the fellowship and understanding of stamp collectors this terrible war could have been avoided. Perhaps we should not limit this to his countrymen alone but include every race including our own. Carry on Reverend.

Notes.
A brand new OHIO town unheard of. This no doubt will be the 670th actual OHIO town. The item shown me was a 1c war in U-120 N. Neffs I think is in the eastern part of the state close to Bellaire.

From E. J. Endlich of Beaver Dam Wis., comes a few high value Presidentials not often seen, and in UNDATED condition are scarce, 13c Humbolt Minn. U-120; 14 and 50c Tacoma in U-14; 12c Atlantic Ia. U-120. 13c Ironwood Mich. U-120; 17c Mandan N. Dak U-12; 18c Dover N. H. U-122. 30c Seattle U-12. These were really beauties. From the Golden Hind Stamp Co. comes a couple of hand electros from Montville N. J. reading up. When a hand electro is applied in this manner it surely is unsatisfactory because it just doesn't fit in any direction. We think that the Postal Inspector should take a little time each time he visits the office and instruct the PMs in the proper use of the gadget.—The second issue

of the Buckeye was mailed from Buckeye Lake, O. with a 1c Defense precancel. A copy of number two will be sent to those interested if they drop me a card. These of course will be mailed from Baltimore without precancels.

New Stamps Issued For Algiers And Morocco

A correspondent in Italy who gets around quite a bit sends us several sets of the new stamps issued by the new Free French Government for use in Algiers and Morocco.

above is similar to the new French Republic stamps which we have previously mentioned. Whether the set at hand is complete, we can not say but we give a list of the values and colors at hand.

10c gray, 30c maroon, 50c red, 80c green, 1F20c lilac, 1F50c blue, 2F40c rose, 3f purple and 4F50c brownish black.

The new Morocco stamps are also in several values and are of the standard small size as illustrated.

This set is reminiscent of an earlier set of stamps for French Offices in Morocco. See Scott numbers A15, 90, 91, 92. It will be observed that the stamp is identical with this old number with the exception that the value tablets are

white with denomination in color and that the bottom of the old stamp has been cut off and a new tablet bearing the name "MA-ROC" is placed at the base.

The set is of 7 values and whether this is complete, we do not know. Values and colors are: 10c claret, 50c green, 1F20c violet, 1F50c red, 5f blue, 10F orange and 15F greenish black.

We find the 1F50c value without gum which indicates that the stamps were printed on ungummed paper and gummed afterwards. The perforation is 12 on both above sets.

STR. GORDON C. GREENE

The above, printed in the corner of an envelope enclosing a letter from one of our readers, Mrs. A. Doppes, who states, "We are cruising down the Mississippi, now, to New Orleans, a very delightful trip," brings memories of the valued River Packet covers of the earlier days. Sorry to relate however that the cancellation on the cover in no ways indicates carriage by steamer, yet it brings memories of those old covers which are so highly prized today.

POSTAGE STAMP PARADE

JOSEPH J. GOLDBERG, Editor
4735 N. Bernard St. Chicago 25, Ill.
BOLIVIA—Air Mail and Postage.
On September 19th, 2 postage and 4 air mail stamps, commemorating the 1943 Revolution, were placed on sale. These values complete the set, as two values were placed on sale about 2 months ago. The 1B and 2B40 of the postage series show two clasped hands, and a flag and the sun form a background. The 40c and 1B airmail show what appears to be a flying bird. The 1B50 and 2B50 show a plane heading into the sun. All stamps are lithographed and locally printed. Values and colors are:

Postage

1 Bol. dull purple..(500,000)
240 Bol. dull brown (400f000)

Air Mails

40c dull red.....(500,000)
1 Bol. purple.....(500,000)
1.50 Bol. light green (500,000)
2.50 Bol. blue.....(300,000)

—Elm Stamp Company
CHINA—A \$2.00 brown has been received in the Dr. Sun Yat-sen design type A63; also two 50c on 16c surcharges for Western Szechuan and Kwangtung.
—Scott Stamp & Coin Co.
CHINA—Sinking—The current \$1, \$20, \$30 and \$40 stamps were overprinted for use in this province.
DJIBOUTI—Air Mails. Copies of the Free French air mail definitive set have been received. Values and colors are: 1 Fr. orange; 1 Fr. 50, orange-red; 5 Fr. brown; 10 Fr. black; 25 Fr. blue; 50 Fr. green and 100 Fr. purple.

LEBANON—Overprints. The New York Sun has received word of four new stamps, three of which are surcharges. The first is a 10 p. on 12½ p., blue (Pay-sage Libanese); and the second a 6p. on 7p.50 brick red of the Beit-ed-Din type. Next is the 2p. on the 4p. portrait type, and last is a 10p. portrait value.

MADAGASCAR—Air Mails. As with Djibouti, the definitive Free French air mails have been issued, values and colors being the same.

NEWFOUNDLAND — The last value of the reengraved set recently issued (#258-66) was released. It is a 48c, red brown, type #A108, perf. 12½.

—Leon Monosson
NEW ZEALAND—Official. The 4d pictorial stamp has been issued comb perforated 14x14½.

REUNION—Air Mails. Here again, as with Djibouti and Madagascar, a set of definitive Free French air mails have been released in the same values and colors.

ERROR IN PHILIPPINE STAMP

Continued From Page 1

readily located. I found one in a large atlas of the islands, published by the U. S. Coast and Geodetic Survey, in 1900. The majority of the maps in the book were compiled by the Jesuit Observatory at Manila. They were the most accurate ones of the islands then in existence and were purchased by the U. S. government in 1839.

The map in question is a section of Luzon showing Manila Bay. The bay is on the west coast of Luzon. It is about twenty by thirty miles in size, and is enclosed on the west, from the north, by the Bataan peninsula. The entrance to the bay is about twelve miles wide, or twenty kilometers. Corregidor commands this channel and it is located about four miles from the tip of Bataan.

The accompanying sketch was reproduced from the map of the Manila Bay area, made by the Jesuit Observatory, and the island being at Manila's front door it should be accurate as to shape. The two islets off the west coast of Corregidor are named Horadada and St. Amalia respectively and the one to the south is Pulo Caballo. The dotted lines may indicate either a coral reef or shallow water. The compass points were added to denote the position of the island.

Corregidor will be back in the news headlines the coming year. And the recapture of the island would give the stamp popularity and publicity in greater measure than it has now.

Do You Collect Coins As Well As Stamps?

It is a well known fact that the hobby of Numismatics and Philately are quite closely related and that is one reason why there are several stamp dealers who also carry a splendid stock of coins.

At different times in the past, the Tatham Stamp and Coin Co., of Springfield, Mass., have used large space in this publication to offer their splendid line of coins, currency and supplies to the col-
